Temple Beth El Cantor Message

It seems that in the past few weeks I have seen a number of items in social media regarding people losing track of time. Some lose track of what day of the week it is. Some lose track of the day of the month. In part, this may be ascribed to the loss of our familiar routines. The tasks we customarily perform, especially on certain days of the week, have been disrupted if not outright dropped. Granted, some folks are working from home, and that does lend itself to a different set of routines (although experts warn that it is important to build in occasional breaks, since the usual triggers for such breaks at the workplace are gone).

For those who are not working, though, the result is a vague disorientation. People who are strongly accustomed to having places to be and things to do suddenly find themselves at home with neither. We are encouraged by mental health experts to establish new routines and thereby have a sense of order amongst the chaos. For those deeply in the grip of malaise, however this could be a tall order.

Enter the counting of the Omer to help provide us with a routine and help keep track of where we are time-wise. The counting of the Omer is perhaps one of the lesser observed rituals in Judaism. In chapter 23 of Leviticus, we are instructed to bring an Omer of wheat (about 9.3 cups) each day for seven weeks, and to count the days. Consequently, it is a *mitzvah* to count each of the 49 days from the second day of Passover until the day before Shavuot.

It seems to me that this year the counting of the Omer should take on additional significance. We do not have a Temple in Jerusalem to bring grain to, but we can still give measures of our time. Awareness of our time is not just counting the seconds, minutes and hours that pass, but taking stock of the

quality we bring to the moments allotted to us. "Teach us to number our days," wrote the Psalmist, "so that we may acquire a heart of wisdom."

Time is the most precious thing we have, particularly because we know it is finite. Like most *mitzvot*, the goal is to infuse an otherwise ordinary task with *kavanah*, intent. As we count each day, we should reflect on what we have brought to the days that have passed and that we might yet bring to those to come. As Emerson wrote, "This time, like all times, is a very good one if we but know what to do with it."

May we all be given hearts of wisdom so that we may make the most of the times we live in.

 Friendship Day Presents

A MESSAGE FROM CANTOR FADER

Dear Utica Friends,

These unprecedented, difficult times imply outreach to one another. We are so connected, even when we don't know it! In our commonality is our comfort when all else seems dismal.

Let's remind each other often and in as many ways as possible of a lesson about suffering that is the basis for our current Pesach season. We were in dire straits -- slavery, under the tyrannical rule of a heartless Pharaoh -- yet we found deliverance. Similarly, there will be salvation that comes when the "enslavement" of the current pandemic ends, despite our suffering and possible losses.

Remember, also, that Passover echoes B'reishit, the first life and light -- it is one of our "new years." Once, a long long long long time ago, out of chaos emerged creation.

My heart and thoughts go with you.

Stay safe, L'chayyim, for life,

Larry Fader

Temple Beth El Executive Director’s Message

Dear Friends,

Since writing the last article for the bulletin we are living in a very different world. So many of the things we are concerned about from day to day, the weather, the price of gas, we lost electricity etc. have been over shadowed by the Coronavirus – COVID19. A life and death virus that has had worldwide consequences to the US and very much of the whole world. The numbers are numbing to listen to and it appears that New York State has been hardest hit along with New Jersey and other nearby states.

We have rules to follow, wear masks, and wash our hands for at least 20 seconds, and stay indoors and 6 feet away from people whenever we are forced to be away from home. Most of our community as we know it is closed, which leads to many unemployed people in need of food and meds, we must do our best to NOT spread the virus or to have it spread to us.

I would like to take this opportunity to suggest a way any of us can help the folks in Utica and surrounding areas and in the Valley who may be in need of food. Jimmy John’s on Campion Road (the road to New Hartford Shopping Center and the Post Office) is accepting groceries and donations to the food places that supply folks who are in need of help. There is a drop box for you to leave your donation (no contact with anyone). Or you can go to any Carbone car dealership. I thank you in advance for your help.

While we are all following what we have been told to do by the wonderful doctors in many fields of medicine. I think just knowing how very difficult this virus is to treat and the hundreds of nurses and doctors, the staff of hospitals, who work so hard for such long hours are the great heroes of today’s world. We can’t forget the restaurants who make

food available to the public, the celebrities who try to distract us with a beautiful song or funny story and the grocery store workers who stock shelves in the middle of the night, and those who cash us out (who cannot be 6 feet away from us all the time no matter how hard we try). I am especially touched by the young children raising money on their own to contribute to this cause, the kids who don’t want birthday presents for themselves but want to help the funds that are helping others.

We do have a lot of very special people in our country and worldwide who will be the ones that take the time and energy to overcome this dreadful disease. Let us all take the time to say a prayer for those doing the hardest jobs at this time to bring our world back to normal.

Please continue to take care of yourselves and those you love, let’s hope and pray for the day our Temples can be opened and we can learn to live with what will be our new normal.

Good Days Ahead,
Mundy

Some Fun and Some much needed appreciation

Cantors

Carping Critics

The Congregation advertised for a cantor a few years ago. A candidate appeared and on the following Sabbath he held forth.

When the congregation met later to discuss his qualifications the membership was split wide open.

"He croaks like a frog!" said one group.

"He sings with feeling!" said the other group.

They argued so long and excitedly about the matter that the rabbi, who was not involved with the controversy, was called in as mediator.

"Dear Congregation" he began, in a soothing voice. "What is all this dispute about? Our holy Torah requires a cantor to be pious, a fairly good scholar, mature in age, of praiseworthy character, and lastly to have a melodious voice. Just let us examine the qualifications of this candidate. Are we all agreed he is pious, a fairly good scholar, mature in age and that he has a praiseworthy character?"

"Yes Rabbi!" answered the congregation.

"In that case, what is all the fuss about?" asked the rabbi. *"The only difference of opinion is whether he has a good voice or not, and surely you won't let a little matter like that deprive the man of the job!"*

This little humorous story is from "A Treasury of Jewish Folklore and seems fitting to say **THANK YOU** to our Cantor, Kalman Socolof for being all the things listed in this article **PLUS having a beautiful voice,**

WE DO APPRECIATE YOU AND ALL YOU DO TO MAKE ANY SERVICE OR CELEBRATION AT TEMPLE BETH EL BEAUTIFUL AND SPECIAL.

GROCERY CARDS

This is a great time to purchase a grocery card for Price Chopper or Hannaford.

We have them available right in the Temple Beth El office.

All you have to do is tell us what card you want, send us a check for \$50.00 or \$100.00 and we will mail the card right back to you.

If someone is shopping for you simply give them the card to use to pay for your groceries.

You don't have to use it all at once, the store will tell you how much you have remaining.

Do you need a gift to say "thank you" or "I appreciate you", this would be perfect.
